*COLLEGE OF ENGINEERING TRIVANDRUM  
TWO YEAR MBA PROGRAMME*

COLLEGE OF ENGINEERING

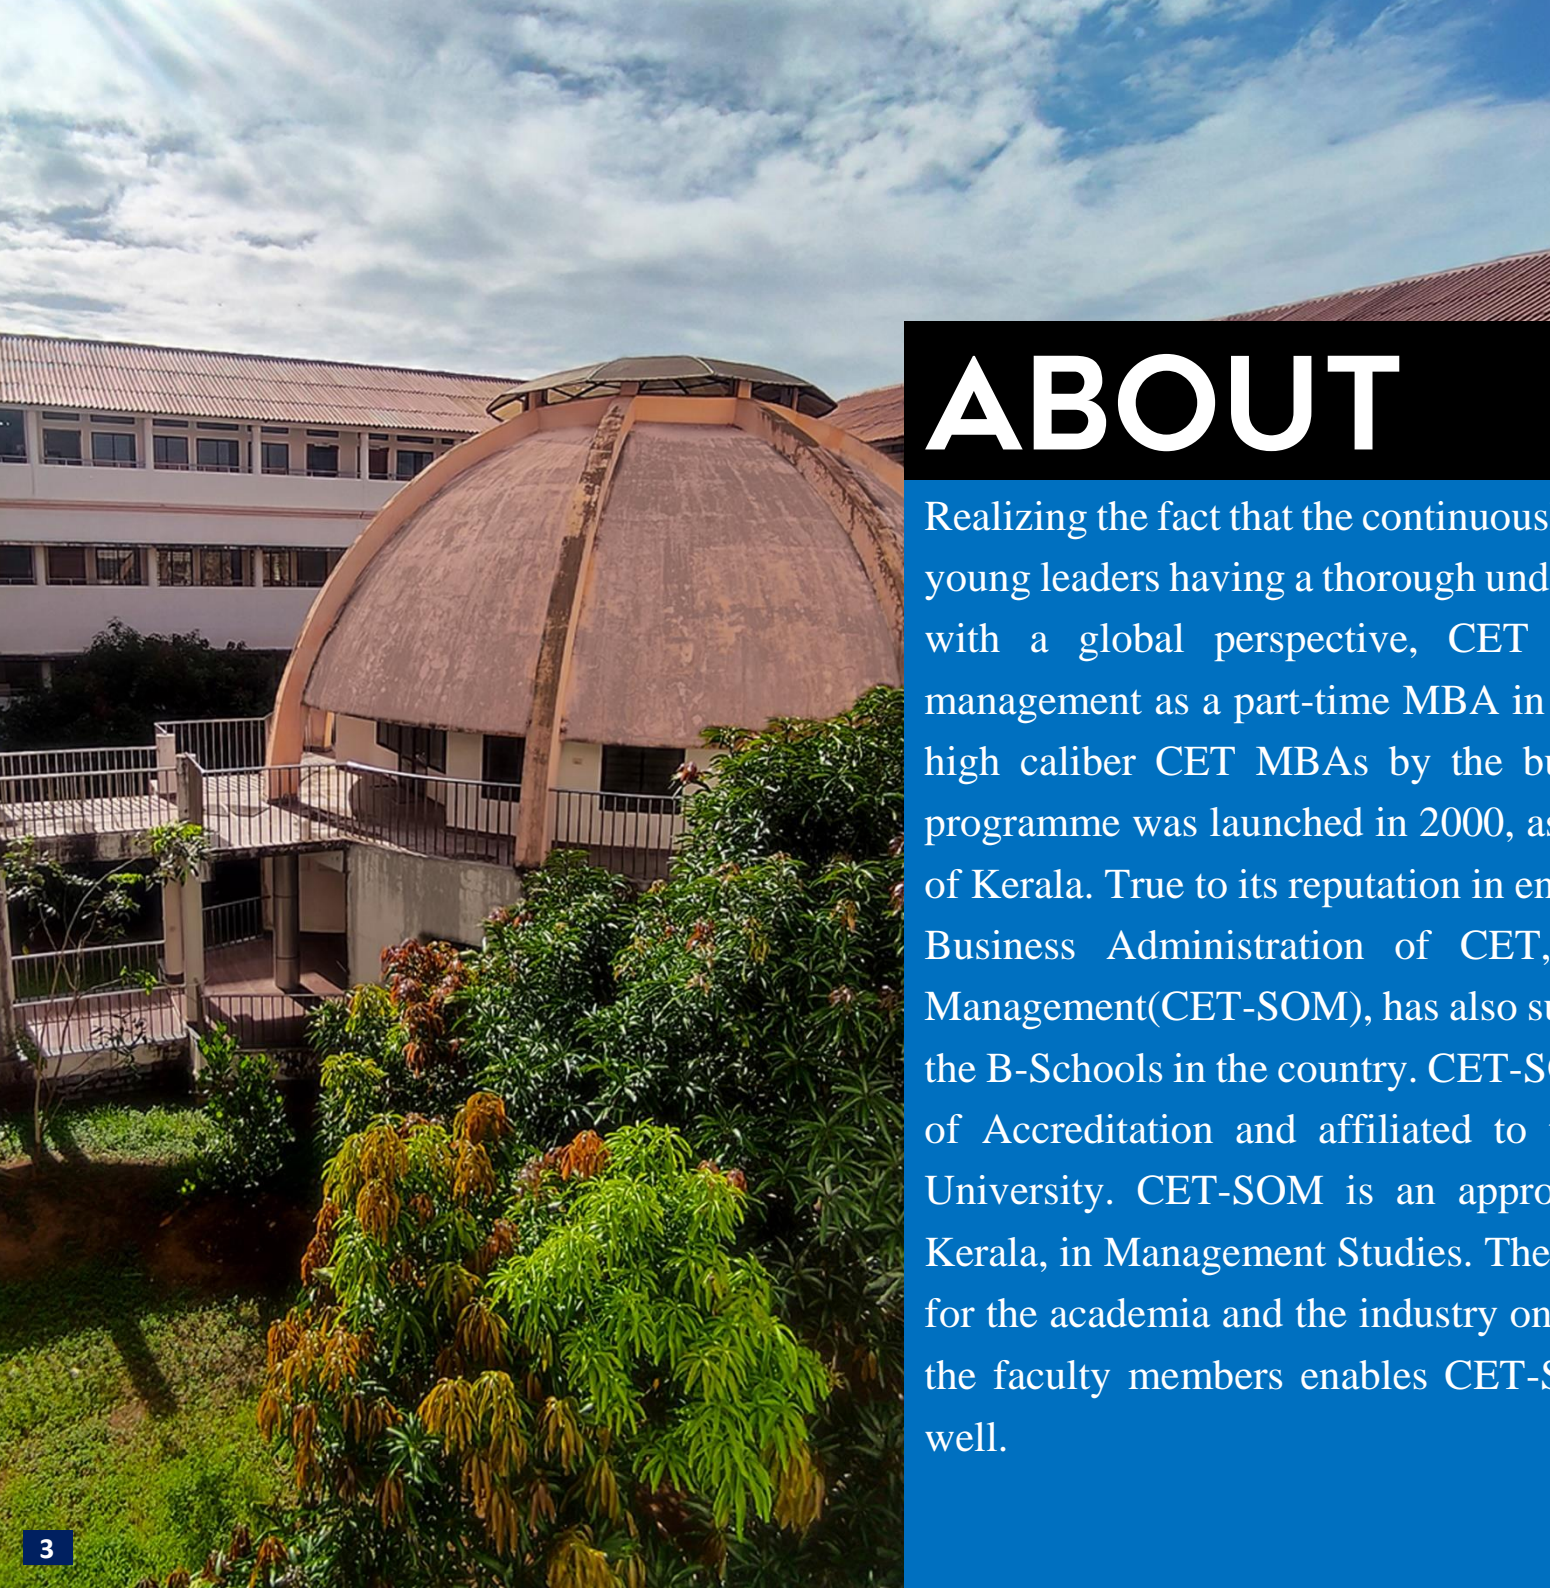

**PLACEMENT  
BROCHURE  
2021 - 2023**

# ABOUT CET

College of Engineering, Trivandrum was established in 1939 as the first Engineering College in the then Travancore State. Over the years, the intake of students increased and as of now with eight full-fledged departments offering eight undergraduate, 27 postgraduate and doctoral programmes under the APJ Abdul Kalam Technological University, the College has around 4500 students, 311 teaching staff and 290 non-teaching staff. B.Tech, B.Arch, M.Tech, M.Plan, MCA and MBA are also offered by the College. Ever since the inception, the College has maintained its eminence as a leading Engineering College in India. According to NIRF ranking College of Engineering Trivandrum is placed in the 110th position. The College ranks among the top in the country in the quality of its graduates and the number of top jobs held by its graduates. With such an eminence in the academic and curricular activities, the College is the most sought after Engineering College by the applicants of Engineering degree programmes in the state

# ABOUT

# CETSOM

Realizing the fact that the continuously changing business landscape requires young leaders having a thorough understanding of the developing economies with a global perspective, CET started its post graduate course in management as a part-time MBA in 1985. With the wide acceptance of the high caliber CET MBAs by the business community, a full time MBA programme was launched in 2000, as a well-timed initiative of Government of Kerala. True to its reputation in engineering education, the Department of Business Administration of CET, now renamed as CET School of Management(CET-SOM), has also succeeded in carving out its niche among the B-Schools in the country. CET-SOM is accredited by the National Board of Accreditation and affiliated to the APJ Abdul Kalam Technological University. CET-SOM is an approved research centre of University of Kerala, in Management Studies. The School organizes training programmes for the academia and the industry on a regular basis. The rich experience of the faculty members enables CET-SOM to take up consultancy works as well.

# VISION

National level Excellence and International Visibility in every facet of Management Education.

# MISSION

CETSOM envisages to mould innovative, environmentally conscious, and socially sensitive management professionals capable of managing change and competition upholding the policies of the Government and meeting the changing needs of the industry from time to time.

# MESSAGE FROM PRINCIPAL

Dr. SURESH BABU V

The prime focus of College of Engineering Trivandrum (CET), the first engineering college of the state, is to facilitate quality transformative education in Engineering and Management. In this fast growing industrial world, we prepare our students to be Responsible Professionals for better service to humanity. Over the years, quality have always been our top priority. CET School of Management, the Department of Business Administration of CET, strives to develop world class leaders to usher in business excellence. With professionalized and industry focused training, the department have been successful in providing placements in reputed companies for the past years. I am very happy that this brochure will provide better connectivity with renowned organizations outside, to collaborate with us for the benefit of our student community. It gives me immense pleasure to welcome the Industry to our Institute for recruitment processes. We are also very much grateful to the recruiters who have provided placements to our students in the previous years. We highly value their connections and remain committed in preparing our students for the corporate needs. I wish every students great success in your future endeavours.

# MESSAGE FROM **DIRECTOR**

Dr. SURESH SUBRAMONIAM

I am really privileged and proud to introduce the students of batch 2021-23 of the MBA Programme at CET School of Management. We at CETSOM attract the best minds and prepare them to face complexity of the modern day business through real life cases in the contemporary organizational context. Our student community is a matrix from Engineering, Arts, Commerce and Science backgrounds. Our faculty at CETSOM utilize every opportunity to ensure that the students acquire knowledge, analytical skills, communication skills and undergo personality growth. The synergy of qualified faculty members in employing the unique blend of teaching techniques, case studies and personalized individual attention help mould our graduates to achieve their dream. The students undergo a carefully coined curriculum which is armed to meet the industry. needs and this cutting edge core curriculum is augmented by a set of electives offered from all emerging areas of functional management. We aim to mould and deliver socially sensitive, highly agile and responsible leaders of tomorrow. I wish all students belonging to the above batch all success and happiness in all their future endeavors.

# MESSAGE FROM PLACEMENT OFFICER

Dr. SUNIL KUMAR K

CET School of Management has always strived to foster new age professionals, equipped for changing paradigms of the industry. Students have gone through a plethora of activities and learning curve, which have enabled them to acquire the right skills and domain knowledge to meet the dynamics of the technology era. The updated course content delivered by the highly experienced academicians and industry professionals have helped in inculcating the skills required for better decision making. Contribution of the illustrious alumni in nurturing the soft skills and personality development of the students is laudable. Guest lectures, industrial visits and internships during the course have helped in enhancing industry interface and garnering updated knowledge on the functional domains. With utmost optimism, I am confident that our students will be an asset for any organization and am proud to present a set of motivated and enterprising students. I would like to thank all our prominent industry partners who have played an instrumental role in making our placements a huge success over the past years and look forward for more profound and mutually beneficial relationships where our students would be given an opportunity to contribute to your human resource talent pool and match the industry expectations.

# MESSAGE FROM PLACEMENT CO-ORDINATOR

Ms. JISHA GOPI

CET School of Management has a dedicated placement cell to cater to the needs of the present day employer and serves as a bridge that links students with the valued recruiter. The students graduating from the institution are today serving with renowned companies in different managerial positions across the world. The placement cell is aptly set up not only to get a right job but also to guide each of our students to get into a right career. The alumni network of the institution is also one of the pillars in getting successful placements for our students. I would like to express my heartfelt gratitude to all our valued recruiters and would also like to welcome the new recruiters to our institution. Despite the pandemic situation, students have shown resilience and made every effort in progressing well in their academics and paved their way in getting good placements. On behalf of CET School of Management, I invite you to the 2022-23 placement process and look forward in association with you in enabling to hire the best talent from our campus. My best wishes for a successful placement process.

# ABOUT THIRUVANANTHAPURAM

Thiruvananthapuram also known as Travancore, the capital of State of Kerala, is the southernmost point of the state which is famous for evergreen nature. The state has a legacy of being known for wellness of the people since the age of kings. This has created the current state of excellence in various fields. It is one of the upcoming cities with good infrastructure along with development of the population living within. It's one of the few cities where airport lies within the city limits. The diverse nature ranging from long sea shore to the mountains gives itself an advantageous position. Thiruvananthapuram is also home to the first IT park in India with the tall standing name Technopark. It provides new opportunities for job seekers and companies who want to establish here.
